INDEX OF SUBJECTS

Achylia — The pathogenesis of the lesion associated with pancreatic... (*Farber:* July) 781*

Adrenal — Cortical carcinoma of the... with adrenogenital syndrome associated with an adenoma of the pituitary. (*Ravid:* July) 764*

Adrenal cortex — Two antagonistic effects of underfeeding on the... of the guinea pig. (*Blumenthal and Loeb:* July) 615

Adrenal cortical neoplasms: adenoma and carcinoma associated with the Cushing syndrome. (*Humphreys:* July) 764*

Adrenogenital syndrome — Cortical carcinoma of the adrenal with... associated with an adenoma of the pituitary. (*Ravid:* July) 764*

Aging in the human placenta. (*Hellman, Flexner and Gellhorn:* July) . 737*

Alcohol — Antemortem and postmortem diffusion of... through the bladder mucosa. (*Moritz and Jetter:* July) 748*

—— The effect of alcoholic intoxication upon acquired resistance to pneumococcal infection in rabbits. (*Lushbaugh:* July) 752*

Allergic reactions to surgical catgut — an experimental study. (*Hopps:* July) 749*

Aluminum oxide — Effects of centrifugation on intranuclear inclusions produced by subcutaneous injections of... (*Birch and Lucas:* November) 1051

American Association of Pathologists and Bacteriologists — Proceedings of the... (July) 733

Amniotic fluid — Fatal maternal pulmonary embolism by... (*Lushbaugh and Steiner:* July) 737*

Amyloid goiter. (*Walker:* July) 738*

Anatomical study of the closure of the ductus arteriosus. (*Jager and Wollenman:* July) 595

Aneurysms — Bilateral fusiform... of the cervical portion of the internal carotid arteries. (*Riddler:* January) 159

Anlagen and rest tumors of the lung inclusive of "mixed tumors" (Womack and Graham). (*Harris and Schattenberg:* September) . . 955

Antemortem and postmortem diffusion of alcohol through the bladder mucosa. (*Moritz and Jetter:* July) 748*

Antibodies — Bone-marrow changes produced by specific... (*Nettleship:* July) 689

Antuitrin G — Effects of the "growth hormone" of the anterior hypophysis (...) on the skeleton of mice and guinea pigs. (*Silberberg and Silberberg:* November) 1141

Aorta — Chemical isolation with preservation of structure and function of elastic tissue of the human... (*Hass:* July) 773*

Arteries — Bilateral fusiform aneurysms of the cervical portion of the internal carotid... (*Riddler:* January) 159

Arthritis — Peripheral nerves in chronic atrophic... (*Freund, Steiner, Leichtentritt and Price:* September) 865

—— Visceral lesions associated with chronic infectious (rheumatoid)... (*Baggenstoss and Rosenberg*: July) 772*

Asbestosis — Bronchiogenic carcinoma in association with pulmonary... (*Holleb and Angrist:* January) 123

Atheroma — The distribution of intimal atheromatous lesions in the arteries of rabbits on high cholesterol diets. (*Wilens:* January) 63

Attempts to infect various strains of cotton rats (*Sigmodon*) with the virus of poliomyelitis. (*Pierce, Kempf and Soule:* July) 755*

Benign chondroblastoma of bone. A reinterpretation of the so-called calcifying or chondromatous giant cell tumor. (*Jaffe and Lichtenstein:* November) 969

* Abstract of paper presented at the meeting of The American Association of Pathologists and Bacteriologists held at St. Louis, April 2 and 3, 1942.

Bilateral fusiform aneurysms of the cervical portion of the internal carotid arteries. (*Riddler:* January) 159
Birth trauma — Intratesticular hemorrhage: a... (*Halpert:* July) . . . 780*
Bladder — Antemortem and postmortem diffusion of alcohol through the ... mucosa. (*Moritz and Jetter:* July) 748*
Blastomycosis — Experimental ... in mice. (*Baker:* May) 463
—— Tissue reactions in human ... An analysis of tissue from twenty-three cases. (*Baker:* May) 479
Blood — Proteolytic digestion of red and white ... corpuscles in the spleen. (*Hicks and Opie:* March) 333
Bone — Benign chondroblastoma of ... A reinterpretation of the so-called calcifying or chondromatous giant cell tumor. (*Jaffe and Lichtenstein:* November) 969
—— Non-osteogenic fibroma of ... (*Jaffe and Lichtenstein:* March) . . 205
Bone marrow — Hyperplasia of megakaryocytes in pneumonia and its relationship to leukoblastic hyperplasia of the ... (*Williams:* November) 1105
Bone-marrow changes produced by specific antibodies. (*Nettleship:* July) 689
Boutons — Pathologic alterations in surface relationships and morphology at the human synapse. (*Minckler:* November) 1061
Brain — Diffuse meningiosarcoma of the ... and spinal cord. (*Haythorn, Shapera and Stewart:* July) 739*
—— Icterus of the adult ... Report of a case. (*Rutledge and Neubuerger:* January) 153
—— Sclerosing hemangiomas of the central nervous system. Progressive tissue changes in hemangioblastomas of the ... and in so-called angioblastic meningiomas. (*Bailey and Ford:* January) 1
Breast — Mastopathia cystica and mammary carcinoma. (*Weller and Logie:* July) 741*
Brenner tumor of the ovary. Case reports, discussion and bibliography. (*Fox:* March) 223
Bronchiogenic carcinoma in association with pulmonary asbestosis. Report of two cases. (*Holleb and Angrist:* January) 123
Brucella — Studies on Hodgkin's disease and its relation to infection by ... (*Forbus, Goddard, Margolis, Brown and Kerby:* July) 745*

Calcium — The deposition of ... in the hearts and kidneys of rats in relation to age, source of ..., exercise and diet. (*Barnes:* January) . . 41
Carbon tetrachloride cirrhosis — Effects of yeast and food intake on experimental ... of the liver in the rat. (*Post, Earle, Patek and Victor:* July) 661
Carcinoid tumors of the rectum derived from Erspamer's pre-enterochrome cells. (*Stout:* November) 993
Carcinoma — Adrenal cortical neoplasms: adenoma and ... associated with the Cushing syndrome. (*Humphreys:* July) 764*
—— Bronchiogenic ... in association with pulmonary asbestosis. Report of two cases. (*Holleb and Angrist:* January) 123
—— Cortical ... of the adrenal with adrenogenital syndrome associated with an adenoma of the pituitary. (*Ravid:* July) 764*
—— Functioning islet cell ... with metastases to liver. (*Gray:* July) . . 633
—— Influence of colchicine during methylcholanthrene epidermal carcinogenesis in mice. (*Paletta and Cowdry:* March) 291
—— Mastopathia cystica and mammary ... (*Weller and Logie:* July) . . 741*
—— Primary ... of the liver. Cholangioma in hepatolithiasis. (*Sanes and MacCallum:* July) 675
—— Secondary ... in cirrhosis of the liver. (*Lisa, Solomon and Gordon:* January) 137
—— The cytologic changes in ... of the human prostate gland following administration of diethylstilbestrol and diethylstilbestrol diproprionate. (*Schenken and Burns:* July) 743*
—— The rate and periodicity of mitotic activity in experimental squamous cell ... of mice. (*Blumenfeld:* July) 744*

—— The relation of polyps to...of the colon. (*Helwig:* July) . . . 740*
Casein — Immunologic and toxic properties of ... digest as prepared for parenteral administration. (*Hopps and Campbell:* July) 750*
Case of Paget's disease of bone with autopsy report. (*Miller:* July) . 770*
Catgut — Allergic reactions to surgical ...—an experimental study. (*Hopps:* July) 749*
Cerebellum — Spontaneous cerebellar hemorrhage. Report of fifteen cases. (*Mitchell and Angrist:* July, 780*; September) 935
Changes in the magnesium and chloride content of the blood following drowning in fresh and sea water. (*Jetter and Moritz:* July) . . . 748*
Chastek paralysis — The pathology of ... in foxes. A counterpart of Wernicke's hemorrhagic polioencephalitis of man. (*Evans, Carlson and Green:* January) 79
Chemical isolation with preservation of structure and function of elastic tissue of the human aorta. (*Hass:* July) 773*
Chloroleukemia. Report of a case with special reference to its neoplastic nature. (*Hartz and van der Sar:* July) 715
Cholesterol — The distribution of intimal atheromatous lesions in the arteries of rabbits on high ... diets. (*Wilens:* January) 63
Chondroblastoma — Benign...of bone. A reinterpretation of the so-called calcifying or chondromatous giant cell tumor. (*Jaffe and Lichtenstein:* November) 969
Chorioallantoic membrane of chick embryos and its response to inoculation with some mycobacteria. (*Moore:* September) 827
Chorioallantoic membranes — Trypan-blue vital staining in studies of virus lesions on ... (*Cooke and Blattner:* January) 163
Chromophobe adenoma — Transplantation of ...-like lesions of the rat hypophysis. (*Saxton:* July) 769*
Cirrhosis — Histogenesis and repair of hepatic...in rats produced on low protein diets and preventable with choline. (*Lillie, Ashburn, Sebrell, Daft and Lowry:* July) 777*
Coccidioidal granuloma — The pathology of spontaneous ... in the lungs of wild rodents. (*Ashburn and Emmons:* July) 753*
Colchicine — Influence of ... during methylcholanthrene epidermal carcinogenesis in mice. (*Paletta and Cowdry:* March) 291
Collagen — The fibrous connective tissue of the artificially induced maternal placenta in the rat with particular reference to the relationship between reticulum and ... (*Wolfe and Wright:* May) 431
Colloid and lipoid droplets — The origin of ... in the epithelial cells of the renal tubules. (*Smetana and Johnson:* November) 1029
Colon — The relation of polyps to carcinoma of the ... (*Helwig:* July) . 740*
Comparative studies of meningopneumonitis virus, psittacosis of pigeon origin and psittacosis of parrot origin. (*Pinkerton and Moragues:* July) 758*
Congenital glomerulosclerosis — Kidney lesions in stillborn and newborn infants. "..." (*Friedman, Grayzel and Lederer:* July) 699
Cortical carcinoma of the adrenal with adrenogenital syndrome associated with an adenoma of the pituitary. (*Ravid:* July) 764*
Cushing syndrome — Adrenal cortical neoplasms: adenoma and carcinoma associated with the ... (*Humphreys:* July) 764*
Cytologic changes in carcinoma of the human prostate gland following administration of diethylstilbestrol and diethystilbestrol diproprionate. (*Schenken and Burns:* July) 743*

Death in infancy — Postmortem evidence of acute infection in unexpected ... (*Werne:* July) 759*
Demonstration of the formation of reticulin by Schwannian tumor cells *in vitro.* (*Murray and Stout:* July) 585
Deposition of calcium in the hearts and kidneys of rats in relation to age, source of calcium, exercise and diet. (*Barnes:* January) 41

Diabetes mellitus — Renal lesions in . . . (*Bell:* July) 744*
Diethylstilbestrol — The cytologic changes in carcinoma of the human prostate gland following administration of . . . and . . . diproprionate. (*Schenken and Burns:* July) 743*
Diffuse meningiosarcoma of the brain and spinal cord. (*Haythorn, Shapera and Stewart:* July) 739*
Diplococcus pneumoniae — Experimental observations on the bacteriostatic action of hydroxyethylapocupreine upon . . . (*Bracken, Crum and Corrado:* July) 751*
—— The effect of alcoholic intoxication upon acquired resistance to pneumococcal infection in rabbits. (*Lushbaugh:* July) 752*
Distribution of intimal atheromatous lesions in the arteries of rabbits on high cholesterol diets. (*Wilens:* January) 63
Double zone phenomenon — The occurrence of a . . . in anti-human tissue serum. (*Nettleship:* July) 780*
Drowning — Changes in the magnesium and chloride content of the blood following . . . in fresh and sea water. (*Jetter and Moritz:* July) . . 748*
Dual virus infection of single cells. (*Anderson:* July) 577
Ductus arteriosus — An anatomical study of the closure of the . . . (*Jager and Wollenman:* July) 595
Dystrophy — Muscular . . . in mice on vitamin E-deficient diet. (*Pappenheimer:* March) 169

Effect of alcoholic intoxication upon acquired resistance to pneumococcal infection in rabbits. (*Lushbaugh:* July) 752*
Effects of centrifugation on intranuclear inclusions produced by subcutaneous injections of aluminum oxide. (*Birch and Lucas:* November) 1051
Effects of the "growth hormone" of the anterior hypophysis (Antuitrin G) on the skeleton of mice and guinea pigs. (*Silberberg and Silberberg:* November) 1141
Effects of yeast and food intake on experimental carbon tetrachloride cirrhosis of the liver in the rat. (*Post, Earle, Patek and Victor:* July) 661
Egg albumin — Experimental studies in cardiovascular pathology. V. Effects of intravenous injections of solutions of gum arabic, . . . and gelatin upon the blood and organs of dogs and rabbits. (*Hueper:* September) 895
Embolism — Fatal maternal pulmonary . . . by amniotic fluid. (*Lushbaugh and Steiner:* July) 737*
Endocrine glands — Functioning tumors of . . . (*Karsner:* July) . . . 769*
Equine encephalomyelitis — Facilitation of infection with . . . virus. (*King:* July) 755*
—— The histology and topography of the brain lesions of . . . in man. (*Peers:* July) 758*
Experimental allergic focal necrosis of the liver. (*Hartley and Lushbaugh:* March) 323
Experimental blastomycosis in mice. (*Baker:* May) 463
Experimental observations on the bacteriostatic action of hydroxyethylapocupreine upon *Diplococcus pneumoniae.* (*Bracken, Crum and Corrado:* July) 751*
Experimental studies in cardiovascular pathology. V. Effects of intravenous injections of solutions of gum arabic, egg albumin and gelatin upon the blood and organs of dogs and rabbits. (*Hueper:* September) 895
Eye — Pathological changes in Listerella infection, particularly of the . . . (*Julianelle and Moore:* September) 813

Facilitation of infection with equine encephalomyelitis virus. (*King:* July) 755*
Fatal disease of middle-aged mice with myocarditis associated with hemorrhage in the pleural cavity. (*Angevine and Furth:* July) . . . 773*

Fatal maternal pulmonary embolism by amniotic fluid. (*Lushbaugh and Steiner:* July) 737*
Fibroma — Non-osteogenic . . . of bone. (*Jaffe and Lichtenstein:* March) 205
Fibroneuroma — Neuroblastoma, ganglioneuroma and . . . in a stillborn fetus. (*Potter and Parrish:* January) 141
Fibrosis of the pancreas in meat-fed ducks. (*Mirsky, Elgart, Nelson and Wasserman:* November) 1159
Fibrous connective tissue of the artificially induced maternal placenta in the rat with particular reference to the relationship between reticulum and collagen. (*Wolfe and Wright:* May) 431
Fibrous osteodystrophy associated with pigmentation of the skin. *Grauer:* July) 768*
Fibrous pleural adhesions. (*Smith:* July) 737*
Fowl leukosis — Studies on . . . Transfer to the chick embryo. (*Pierce:* November) 1127
Fumes from boiling bacilli — Reduction of tuberculin reactivity following inhalation of . . . (*Rosenthal:* July) 781*
Functioning islet cell carcinoma with metastases to liver. (*Gray:* July) 633
Functioning tumors of endocrine glands. (*Karsner:* July) 769*

Ganglioneuroma — Neuroblastoma, . . . and fibroneuroma in a stillborn fetus. (*Potter and Parrish:* January) 141
Gastritis — Pathological changes in nutritional . . . in rats. (*Berg:* January) 49
Gastro-intestinal tract — Pathology and pathologic diagnosis of radiation lesions in the . . . (*Warren and Friedman:* May) 499
—— The lesions produced in the . . . by irradiation. General review with an illustrative case report. (*Mulligan:* May) 515
Gelatin — Experimental studies in cardiovascular pathology. V. Effects of intravenous injections of solutions of gum arabic, egg albumin and . . . upon the blood and organs of dogs and rabbits. (*Hueper:* September) 895
Glomerulitis — The incidence of alterative . . . (Kimmelstiel) in elderly patients. (*Morningstar and Gross:* July) 744*
Glomerulonephritis in partially nephrectomized rats. Relation to administration of sulfapyridine. (*Gross, Cooper and Morningstar:* January) . 101
Glomerulosclerosis — Intercapillary . . . (*Horn and Smetana:* January) . 93
Glomus tumor. Investigation of its distribution and behavior, and the identity of its "epithelioid" cell. (*Murray and Stout:* March) 183
Glycogen infiltration of the liver cell nuclei. (*Chipps and Duff:* July) . 645
Goormaghtigh cells in the normal and diseased human kidney. Their possible relationship to renal hypertension. (*Kaufmann:* September) . . 783
Gum arabic — Experimental studies in cardiovascular pathology. V. Effects of intravenous injections of solutions of . . ., egg albumin and gelatin upon the blood and organs of dogs and rabbits. (*Hueper:* September) 895
Gynandroblastoma of the ovary. (*Black:* July) 766*

Heart — Interstitial myocarditis following the clinical and experimental use of sulfonamide drugs. (*French and Weller:* January) 109
—— Subaortic stenosis. (*Mason and Hunter:* March) 343
—— The incidence of rheumatic stigmas in non-rheumatic hearts. (*Hall and Anderson:* July) 778*
—— The production of cardiac and renal lesions in rats by a diet extremely deficient in potassium. (*Follis, Orent-Keiles and McCollum:* January) 29
Heart in uremia. (*Solomon, Roberts and Lisa:* July) 729
Hearts — The deposition of calcium in the . . . and kidneys of rats in relation to age, source of calcium, exercise and diet. (*Barnes:* January) . 41
Hemangiomas — Sclerosing . . . of the central nervous system. Progressive tissue changes in hemangioblastomas of the brain and in so-called angioblastic meningiomas. (*Bailey and Ford:* January) 1

Hematic and organic changes after intravenous administration of pectin solutions. (*Hueper:* July) 775*
Hemorrhage — A fatal disease of middle-aged mice with myocarditis associated with . . . in the pleural cavity. (*Angevine and Furth:* July) . . 773*
—— Intratesticular . . . : a birth trauma. (*Halpert:* July) 780*
—— Spontaneous cerebellar . . . Report of fifteen cases. (*Mitchell and Angrist:* July, 780*; September) 935
Hepatoma — A transplantable spontaneous . . . in a strain C_3H mouse. (*Edwards, Dalton and Andervont:* July) 779*
Histogenesis and repair of hepatic cirrhosis in rats produced on low protein diets and preventable with choline. (*Lillie, Ashburn, Sebrell, Daft and Lowry:* July) 777*
Histogenesis of gastric ulcers in rats produced by fasting and partial inanition. (*Lippincott and Morris:* July) 776*
Histology and topography of the brain lesions of equine encephalomyelitis in man. (*Peers:* July) 758*
Hodgkin's disease — Studies on . . . and its relation to infection by Brucella. (*Forbus, Goddard, Margolis, Brown and Kerby:* July) 745*
Hydroxyethylapocupreine — Experimental observations on the bacteriostatic action of . . . upon *Diplococcus pneumoniae*. (*Bracken, Crum and Corrado:* July) 751*
Hyperplasia of megakaryocytes in pneumonia and its relationship to leukoblastic hyperplasia of the bone marrow. (*Williams:* November) 1105
Hypertension — The Goormaghtigh cells in the normal and diseased human kidney. Their possible relationship to renal . . . (*Kaufmann:* September) 783
Hypophysis — Transplantation of chromophobe adenoma-like lesions of the rat . . . (*Saxton:* July) 769*

Icterus of the adult brain. Report of a case. (*Rutledge and Neubuerger:* January) 153
Immunologic and toxic properties of casein digest as prepared for parenteral administration. (*Hopps and Campbell:* July) 750*
Inanition—Histogenesis of gastric ulcers in rats produced by fasting and partial inanition. (*Lippincott and Morris:* July) 776*
Incidence of alterative glomerulitis (Kimmelstiel) in elderly patients. (*Morningstar and Gross:* July) 744*
Incidence of rheumatic stigmas in non-rheumatic hearts. (*Hall and Anderson:* July) 778*
Inclusions — Effects of centrifugation on intranuclear . . . produced by subcutaneous injections of aluminum oxide. (*Birch and Lucas:* November) 1051
—— Intranuclear . . . in infancy. (*Kinney:* September) 799
Infection of newborn Syrian hamsters with the virus of mare abortion (Dimock and Edwards). (*Anderson and Goodpasture:* July) . . . 555
Influence of colchicine during methylcholanthrene epidermal carcinogenesis in mice. (*Paletta and Cowdry:* March) 291
Influence of the thymus gland on neuromuscular function in myasthenia gravis. (*Harvey, Lilienthal and Talbot:* July) 768*
Inhibitory effect of oxygen on starving pathogenic bacteria. (*Cahn-Bronner:* July) 751*
Intercapillary glomerulosclerosis. (*Horn and Smetana:* January) . . 93
Interstitial cell tumors of testes in mice induced with stillbestrol. (*Shimkin and Grady:* July) 767*
Interstitial myocarditis following the clinical and experimental use of sulfonamide drugs. (*French and Weller:* January) 109
Intranuclear inclusions in infancy. (*Kinney:* September) 799
Intratesticular hemorrhage: a birth trauma. (*Halpert:* July) 780*
Islet cell carcinoma — Functioning . . . with metastases to liver. (*Gray:* July) 633

Kidney — Glomerulonephritis in partially nephrectomized rats. Relation to administration of sulfapyridine. (*Gross, Cooper and Morningstar:* January) 101
—— Renal lesions in diabetes mellitus. (*Bell:* July) 744*
—— The Goormaghtigh cells in the normal and diseased human . . . Their possible relationship to renal hypertension. (*Kaufmann:* September) 783
—— The incidence of alterative glomerulitis (Kimmelstiel) in elderly patients. (*Morningstar and Gross:* July) 744*
—— The origin of colloid and lipoid droplets in the epithelial cells of the renal tubules. (*Smetana and Johnson:* November) 1029
—— The production of cardiac and renal lesions in rats by a diet extremely deficient in potassium. (*Follis, Orent-Keiles and McCollum:* January) 29
—— The renal tubule (nephron) as affected by mercury. (*Edwards:* November 1011
Kidney lesions in stillborn and newborn infants. "Congenital glomerulosclerosis." (*Friedman, Grayzel and Lederer:* July) 699
Kidneys — The deposition of calcium in the hearts and . . . of rats in relation to age, source of calcium, exercise and diet. (*Barnes*: January) . 41

Lesions produced in the gastro-intestinal tract by irradiation. General review with an illustrative case report. (*Mulligan:* May) 515
Leukocytosis — Studies on . . . III. Hourly determinations of the maturity of neutrophils of normal rabbits. (*Reifenstein and Hilfinger:* May) . 363
—— Studies on . . . IV. The neutrophilic maturity following intravenous injection of supernatant fluid from a sterile exudate (rabbit). (*Reifenstein, Ferguson and Weiskotten:* May) 369
Leukosis — Studies on fowl . . . Transfer to the chick embryo. (*Pierce:* November) 1027
Listerella — Pathological changes in . . . infection, particularly of the eye. (*Julianelle and Moore:* September) 813
Liver — Effects of yeast and food intake on experimental carbon tetrachloride cirrhosis of the . . . in the rat. (*Post, Earle, Patek and Victor:* July) 661
—— Experimental allergic focal necrosis of the . . . (*Hartley and Lushbaugh:* March) 323
—— Glycogen infiltration of the . . . cell nuclei. (*Chipps and Duff:* July) . 645
—— Histogenesis and repair of hepatic cirrhosis in rats produced on low protein diets and preventable with choline. (*Lillie, Ashburn, Sebrell, Daft and Lowry:* July) 777*
—— Primary carcinoma of the . . . Cholangioma in hepatolithiasis. (*Sanes and MacCallum:* July) 675
—— Secondary carcinoma in cirrhosis of the . . . (*Lisa, Solomon and Gordon:* January) 137
—— Variations in the distribution of vitamin A in the human . . . under pathologic conditions. (*Popper:* July) 777*
Local origin in human extramedullary myelopoiesis. (*Schiller:* July) 774*
Lung — Anlagen and rest tumors of the . . . inclusive of "mixed tumors" (Womack and Graham). (*Harris and Schattenberg:* September) . . 955
Lymphoma — Malignant . . . A clinico-pathologic survey of 618 cases. (*Gall and Mallory:* May) 381

Macromolecular substances—Experimental studies in cardiovascular pathology. V. Effects of intravenous injections of solutions of gum arabic, egg albumin and gelatin upon the blood and organs of dogs and rabbits. (*Hueper:* September) 895
Malignant lymphoma. A clinico-pathologic survey of 618 cases. (*Gall and Mallory:* May) 381
Mare abortion — Infection of newborn Syrian hamsters with the virus of . . . (Dimock and Edwards). (*Anderson and Goodpasture:* July) . . 555

Mastopathia cystica and mammary carcinoma. (*Weller and Logie:* July) 741*
Meat-fed ducks — Fibrosis of the pancreas in . . . (*Mirsky, Elgart, Nelson and Wasserman:* November) 1159
Mediastinal sympathogonioma. (*Sailer:* July) 761*
Mediastinum — Neuroblastoma of the . . . containing pheochromoblastomatous elements. (*Wahl and Robinson:* July) 761*
Megakaryocytes — Hyperplasia of . . . in pneumonia and its relationship to leukoblastic hyperplasia of the bone marrow. (*Williams:* November) . 1105
Meningiomas — Sclerosing hemangiomas of the central nervous system. Progressive tissue changes in hemangioblastomas of the brain and in so-called angioblastic . . . (*Bailey and Ford:* January) 1
Meningiosarcoma — Diffuse . . . of the brain and spinal cord. (*Haythorn, Shapera and Stewart:* July) 739*
Meningopneumonitis — Comparative studies of . . . virus, psittacosis of pigeon origin and psittacosis of parrot origin. (*Pinkerton and Moragues:* July) 758*
Mercury — The renal tubule (nephron) as affected by . . . (*Edwards:* November) 1011
Methylcholanthrene — Influence of colchicine during . . . epidermal carcinogenesis in mice. (*Paletta and Cowdry:* March) 291
Microfilarial granulomata of the spleen. (*Dhayagude and Amin:* March) 351
Mitosis — The rate and periodicity of mitotic activity in experimental squamous cell carcinoma of mice. (*Blumenfeld:* July) 744*
Motor nerve plates — Studies on ameboid motion of . . . II. Pathologic effects of CO_2 and electricity on the explosive ameboid motion in motor nerve plates in intercostal muscle. (*Carey:* March) 237
Muscle — Studies on ameboid motion of motor nerve plates. II. Pathologic effects of CO_2 and electricity on the explosive ameboid motion in motor nerve plates in intercostal . . . (*Carey:* March) 237
Muscular dystrophy in mice on vitamin E-deficient diet. (*Pappenheimer:* March) 169
Myasthenia gravis — The influence of the thymus gland on neuromuscular function in . . . (*Harvey, Lilienthal and Talbot:* July) 768*
Mycobacteria — The chorioallantoic membrane of chick embryos and its response to inoculation with some . . . (*Moore:* September) . . . 827
Myelopoiesis — Local origin in human extramedullary . . . (*Schiller:* July) 774*
Myocarditis — A fatal disease of middle-aged mice with . . . associated with hemorrhage in the pleural cavity. (*Angevine and Furth:* July) . . 773*

Necrosis — Experimental allergic focal . . . of the liver. (*Hartley and Lushbaugh:* March) 323
Nerves — Peripheral . . . in chronic atrophic arthritis. (*Freund, Steiner, Leichtentritt and Price:* September) 865
Neuroblastoma, ganglioneuroma and fibroneuroma in a stillborn fetus. (*Potter and Parrish:* January) 141
Neuroblastoma of the mediastinum containing pheochromoblastomatous elements. (*Wahl and Robinson:* July) 761*
Neurofibromatosis — Relationship of . . . of the skeleton to pseudoarthrosis. (*Green and Rudo:* July) 771*
Neutrophils — Studies on leukocytosis. III. Hourly determinations of the maturity of . . . of normal rabbits. (*Reifenstein and Hilfinger:* May) . 363
—— Studies on leukocytosis. IV. The neutrophilic maturity following intravenous injection of supernatant fluid from a sterile exudate (rabbit). (*Reifenstein, Ferguson and Weiskotten:* May) 369
Non-osteogenic fibroma of bone. (*Jaffe and Lichtenstein:* March) . . 205

Observations on tuberculous guinea pigs before and after treatment with sodium P,P′-diaminodiphenylsulfone-N,N′-didextrose sulfonate (promin). (*Feldman, Mann and Hinshaw:* July) 750*

Occurrence of a double zone phenomenon in anti-human tissue serum. (*Nettleship:* July) 780*
Origin of colloid and lipoid droplets in the epithelial cells of the renal tubules. (*Smetana and Johnson:* November) 1029
Osteodystrophy — Fibrous . . . associated with pigmentation of the skin. (*Grauer:* July) 768*
Ovary — Brenner tumor of the . . . Case reports, discussion and bibliography. (*Fox:* March) 223
—— Gynandroblastoma of the . . . (*Black:* July) 766*
Oxygen — The inhibitory effect of . . . on starving pathogenic bacteria. (*Cahn-Bronner:* July) 751*

Paget's disease — A case of . . . of bone with autopsy report. (*Miller:* July) 770*
Pancreas — Fibrosis of the . . . in meat-fed ducks. (*Mirsky, Elgart, Nelson and Wasserman:* November) 1159
—— Functioning islet cell carcinoma with metastases to liver. (*Gray:* July) 633
—— The pathogenesis of the lesion associated with pancreatic achylia. (*Farber:* July) 781*
Pathogenesis of the lesion associated with pancreatic achylia. (*Farber:* July) 781*
Pathological changes in Listerella infection, particularly of the eye. (*Julianelle and Moore:* September) 813
Pathological changes in nutritional gastritis in rats. (*Berg:* January) . 49
Pathologic alterations in surface relationships and morphology at the human synapse. (*Minckler:* November) 1061
Pathology and pathologic diagnosis of radiation lesions in the gastrointestinal tract. (*Warren and Friedman:* May) 499
Pathology of Chastek paralysis in foxes. A counterpart of Wernicke's hemorrhagic polioencephalitis of man. (*Evans, Carlson and Green:* January) 79
Pathology of spontaneous coccidioidal granuloma in the lungs of wild rodents. (*Ashburn and Emmons:* July) 753*
Pectin — Hematic and organic changes after intravenous administration of . . . solutions. (*Hueper:* July) 775*
Peripheral nerves in chronic atrophic arthritis. (*Freund, Steiner, Leichtentritt and Price:* September) 865
Pernicious anemia — The stomach in . . . (*Cox:* July) 782*
Pheochromoblastoma — Neuroblastoma of the mediastinum containing pheochromoblastomatous elements. (*Wahl and Robinson:* July) . . 761*
Pheochromocytomas: morphology and functional aspects (a study of four cases). (*Humphreys:* July) 762*
Pigmentation — Fibrous osteodystrophy associated with . . . of the skin. (*Grauer:* July) 768*
Pituitary — Cortical carcinoma of the adrenal with adrenogenital syndrome associated with an adenoma of the . . . (*Ravid:* July) 764*
Placenta — Aging in the human . . . (*Hellman, Flexner and Gellhorn:* July) 737*
—— The fibrous connective tissue of the artificially induced maternal . . . in the rat with particular reference to the relationship between reticulum and collagen. (*Wolfe and Wright:* May) 431
Pleura — Fibrous pleural adhesions. (*Smith:* July) 737*
Poliomyelitis — Attempts to infect various strains of cotton rats (*Sigmodon*) with the virus of . . . (*Pierce, Kempf and Soule:* July) . . . 755*
Postmortem evidence of acute infection in unexpected death in infancy. (*Werne:* July) 759*
Potassium — The production of cardiac and renal lesions in rats by a diet extremely deficient in . . . (*Follis, Orent-Keiles and McCollum:* January) 29
Preservation of bacteria, viruses and protozoa at —51° to —53° C. (*Soule, Lofgren and Pierce:* July) 756*

Primary carcinoma of the liver. Cholangioma in hepatolithiasis. (*Sanes and MacCallum:* July) 675
Primary sarcoma of thyroid gland. Two cases. (*Jacobi and Bolker:* July) 738*
Proceedings of the American Association of Pathologists and Bacteriologists. (July) 733
Production of cardiac and renal lesions in rats by a diet extremely deficient in potassium. (*Follis, Orent-Keiles and McCollum:* January) . 29
Promin — Observations on tuberculous guinea pigs before and after treatment with sodium P,P′-diaminodiphenylsulfone-N,N′-didextrose sulfonate (. . .). (*Feldman, Mann and Hinshaw:* July) 750*
Prostate — The cytologic changes in carcinoma of the human . . . gland following administration of diethylstilbestrol and diethylstilbestrol diproprionate. (*Schenken and Burns:* July) 743*
Proteolytic digestion of red and white blood corpuscles in the spleen. (*Hicks and Opie:* March) 333
Pseudo-arthrosis — Relationship of neurofibromatosis of the skeleton to . . . (*Green and Rudo:* July) 771*
Psittacosis — Comparative studies of meningopneumonitis virus, . . . of pigeon origin and . . . of parrot origin. (*Pinkerton and Moragues:* July) 758*

Radiation lesions— Pathology and pathologic diagnosis of . . . in the gastro-intestinal tract. (*Warren and Friedman:* May) 499
—— The lesions produced in the gastro-intestinal tract by irradiation. General review with an illustrative case report. (*Mulligan:* May) . . . 515
Rate and periodicity of mitotic activity in experimental squamous cell carcinoma of mice. (*Blumenfeld:* July) 744*
Rectum — Carcinoid tumors of the . . . derived from Erspamer's pre-enterochrome cells. (*Stout:* November) 993
Reduction of tuberculin reactivity following inhalation of fumes from boiling bacilli. (*Rosenthal:* July) 781*
Refrigeration — The preservation of bacteria, viruses and protozoa at −51° to −53° C. (*Soule, Lofgren and Pierce:* July) 756*
Relation of polyps to carcinoma of the colon. (*Helwig:* July) . . . 740*
Relationship of neurofibromatosis of the skeleton to pseudo-arthrosis. (*Green and Rudo:* July) 771*
Renal lesions in diabetes mellitus. (*Bell:* July) 744*
Renal tubule (nephron) as affected by mercury. (*Edwards:* November) 1011
Reticulin — Demonstration of the formation of . . . by Schwannian tumor cells *in vitro*. (*Murray and Stout:* July) 585
Reticulum — The fibrous connective tissue of the artificially induced maternal placenta in the rat with particular reference to the relationship between . . . and collagen. (*Wolfe and Wright:* May) 431
Rheumatic carditis — The incidence of rheumatic stigmas in non-rheumatic hearts. (*Hall and Anderson:* July) 778*

Sarcoma — Primary . . . of thyroid gland. Two cases. (*Jacobi and Bolker:* July) 738*
Sarcomesothelioma — Synovial . . . (sarcoendothelioma). (*Fisher:* May) 529
Schwannian tumor — Demonstration of the formation of reticulin by . . . cells *in vitro*. (*Murray and Stout:* July) 585
Sclerosing hemangiomas of the central nervous system. Progressive tissue changes in hemangioblastomas of the brain and in so-called angioblastic meningiomas. (*Bailey and Ford:* January) 1
Secondary carcinoma in cirrhosis of the liver. (*Lisa, Solomon and Gordon:* January) 137
Senile involution of the thyroid gland. (*Andrew and Andrew:* September) 849
Shock — Unreliability of blood findings as criteria of severity of . . . in rabbits. (*Bosse and Gross:* July) 775*

Silicosis of systemic distribution. (*Lynch:* March) 313
Spleen — Microfilarial granulomata of the . . . (*Dhayagude and Amin:* March) 351
—— Proteolytic digestion of red and white blood corpuscles in the . . . (*Hicks and Opie:* March) 333
Spontaneous cerebellar hemorrhage. Report of fifteen cases. (*Mitchell and Angrist:* July, 780*; September) 935
Stilbestrol — Interstitial cell tumors of testes in mice induced with . . . (*Shimkin and Grady:* July) 767*
Stomach — Histogenesis of gastric ulcers in rats produced by fasting and partial inanition. (*Lippincott and Morris:* July) 776*
—— Pathological changes in nutritional gastritis in rats. (*Berg:* January) 49
Stomach in pernicious anemia. (*Cox:* July) 782*
Studies on ameboid motion of motor nerve plates. II. Pathologic effects of CO_2 and electricity on the explosive ameboid motion in motor nerve plates in intercostal muscle. (*Carey:* March) 237
Studies on fowl leukosis. Transfer to the chick embryo. (*Pierce:* November) 1127
Studies on Hodgkin's disease and its relation to infection by Brucella. (*Forbus, Goddard, Margolis, Brown and Kerby:* July) 745*
Studies on leukocytosis. III. Hourly determination of the maturity of neutrophils of normal rabbits. (*Reifenstein and Hilfinger:* May) . . 363
——. IV. The neutrophilic maturity following intravenous injection of supernatant fluid from a sterile exudate (rabbit). (*Reifenstein, Ferguson and Weiskotten:* May) 369
Subaortic stenosis. (*Mason and Hunter:* March) 343
Sulfapyridine — Glomerulonephritis in partially nephrectomized rats. Relation to administration of . . . (*Gross, Cooper and Morningstar:* January) 101
Sulfonamide drugs — Interstitial myocarditis following the clinical and experimental use of . . . (*French and Weller:* January) 109
Sympathogonioma — Mediastinal . . . (*Sailer:* July) 761*
Synapse — Pathologic alterations in surface relationships and morphology at the human . . . (*Minckler:* November) 1061
Synovial sarcomesothelioma (sarcoendothelioma). (*Fisher:* May) . . 529

Testis — Intratesticular hemorrhage: a birth trauma. (*Halpert:* July) . . 780*
Testes — Interstitial cell tumors of . . . in mice induced with stilbestrol. (*Shimkin and Grady:* July) 767*
Thymus — The influence of the . . . gland on neuromuscular function in myasthenia gravis. (*Harvey, Lilienthal and Talbot:* July) 768*
Thyroid — Amyloid goiter. (*Walker:* July) 738*
—— Primary sarcoma of . . . gland. Two cases. (*Jacobi and Bolker:* July) . 738*
—— Senile involution of the . . . gland. (*Andrew and Andrew:* September) 849
Tissue reactions in human blastomycosis. An analysis from twenty-three cases. (*Baker:* May) 479
Transplantable spontaneous hepatoma in a strain C_3H mouse. (*Edwards, Dalton and Andervont:* July) 779*
Transplantation of chromophobe adenoma-like lesions of the rat hypophysis. (*Saxton:* July) 769*
Trypan-blue vital staining in studies of virus lesions on chorioallantoic membranes. (*Cooke and Blattner:* January) 163
Tuberculosis—Observations on tuberculous guinea pigs before and after treatment with sodium P,P′-diaminodiphenylsulfone-N,N′-didextrose sulfonate (promin). (*Feldman, Mann and Hinshaw:* July) 750*
Two antagonistic effects of underfeeding on the adrenal cortex of the guinea pig. (*Blumenthal and Loeb:* July) 615

Ulcers—Histogenesis of gastric . . . in rats produced by fasting and partial inanition. (*Lippincott and Morris:* July) 776*

Unreliability of blood findings as criteria of severity of shock in rabbits. (*Bosse and Gross:* July) 775*
Uremia—The heart in . . . (*Solomon, Roberts and Lisa:* July) 729

Variations in the distribution of vitamin A in the human liver under pathologic conditions. (*Popper:* July) 777*
Virus—Dual . . . infection of single cells. (*Anderson:* July) 577
——. Trypan-blue vital staining in studies of . . . lesions on chorioallantoic membranes. (*Cooke and Blattner:* January) 163
Virus infection of human fetal membranes grafted on the chorioallantois of chick embryos. (*Goodpasture and Anderson:* July) 563
Virus of mare abortion—Infection of newborn Syrian hamsters with the . . . . (Dimock and Edwards). (*Anderson and Goodpasture:* July) . . 555
Visceral lesions associated with chronic infectious (rheumatoid) arthritis. (*Baggenstoss and Rosenberg:* July) 772*
Vitamin A—Variations in the distribution of . . . in the human liver under pathologic conditions. (*Popper:* July) 777*
Vitamin E—Muscular dystrophy in mice on . . . -deficient diet. (*Pappenheimer:* March) 169
